GENERAL INFORMATION

GENERAL INFORMATION

Program of Continuing Education

The Program of Continuing Education offers an extensive range of undergraduate courses during the late afternoon, evening and Saturday morning hours each Spring and Fall semester, as well as day and evening courses during two intensive Summer Sessions.

The Program is specifically designed to encourage part-time educational studies for self-enrichment or professional advancement. The emphasis of the Program is to provide adult students with the opportunity to succeed in one or two courses at a time, as well as a chance to attend college while holding a job or having other responsibilities which make it difficult to attend college on a full-time basis.

Off-Campus Program

In response to the needs and interests of our students expressed throughout the academic year, Continuing Education is offering an Off-Campus Program in several established locations during Summer Session 1978. Community leaders, educators, professional groups, and others currently served by our program have welcomed the opportunity to participate in additional educational experiences.

Summer I sessions will be held at Medford High School; the Ohrenberger Community School, West Roxbury; Rockport High School and Plymouth-Carver Intermediate School June 5 through June 29.

Summer II sessions will be held at the Ohrenberger Community School, West Roxbury; Rockport High School; Plymouth-Carver Intermediate School; Plymouth-Carver High School July 10 through August 3.

ALL COURSES IN THE ABOVE PROGRAMS WILL MEET FOR FOUR CLASS SESSIONS A WEEK, MONDAY THROUGH THURSDAY, AT TIMES LISTED IN THE SCHEDULE BEGINNING ON PAGE 24.

The Open College

Learning what you want, where you want, and when you want is now possible at Boston State College through the Open College. Five complete undergraduate courses are now offered for college credit in cassette (tape) form. Printed supplementary material is included with course tapes.

Each course offers 3 credits and is divided into units and modules. When you complete one unit, you receive the next. A phone call to the Open College will settle questions or problems you may have on any part of any Open College course. Tutors will be available at specific times to help you master the course materials.

Courses offered through the Open College:

7642–48	Fundamental Principles of Mathematics (M101)
7679–48	Physical Sciences I (PS101)
7920–48	Music Theory (MS101)

The staff of the Center will help you plan and implement in-service education for credit for your school, based upon your interests and concerns. For information, call 731-4012.

Urban Learning Center

Located on the Boston campus but serving individuals and groups of students in off-campus locations, the center offers programs for high school seniors and adults, who are interested in preparing for college. Programs offered through the Urban Learning Center include:

The Flexible Admissions Program: a college prep program designed to assist high school juniors or seniors with lackluster academic records, and involve them in an intensive prep program for 30 weeks. The subject matter is critical: reading, writing, mathematics, and science. Concurrent with classes, the student is counselled as to self-concept, academic problems and career ambitions.

After completing the program with academic success, the student is guaranteed admission into the state college system.

The G.E.D. Preparation Program: an intensive program to prepare students for the successful completion of exams awarding the high school certificate.

An Afterschool Reading Program: for elementary school students and parents.

Upon successful completion of either the Flexible Admissions or the G.E.D. Program, a student is guaranteed admission to Boston State College. For further information, please call: 731-3300, Ext. 217–219.

GENERAL INFORMATION–THE GRADUATE SCHOOL

The Graduate School

Drawing on course work funded through the Program of Continuing Education, the Graduate School offers specific programs leading to the degree of Master of Arts, Master of Science and Master of Education as well as the Certificate of Advanced Graduate Study. For descriptions of the individual programs, please contact the Graduate School Office, Room 201 of the Administration Building.

Graduate students who intend to enter a Master's degree program should apply for matriculation before they accumulate more than six graduate credits. See the current **Graduate Studies Catalog** for specific instructions.

Specific programs or departments may impose admission requirements in addition to those specified in the **Graduate Studies Catalog.** Graduate students should consult the chairperson/director or the advisor of their intended program to determine what, if any, additional requirements exist.

Students who are planning to become candidates for a degree or certificate should ascertain the status of their intended program by contacting the Graduate School Office.

Please inquire at the Graduate School Office as to the status of degree programs in Art and Adult Education. Although no programs are presently available, the areas are under study. Please note that degree programs are not offered in Administration (other than Educational Administration), Biology, Core Education, Economics, Music, Occupational Education, Philosophy or Nutrition.

Regulations of the Board of Trustees require graduate degree candidates to select 50% or more of their course work from among courses intended primarily for graduate students (i.e. 9000-level).

Graduate students should frequently consult the bulletin board located outside the Graduate School Office (201 Administration Building) for such important information as dates and locations of comprehensive examinations, and deadlines for student teaching applications.

Graduate students are urged to meet with the academic advisor of their program at least once per semester.

The M.Ed. programs in Special Education, Generic Special Teacher, Moderate Special Needs, Counselor Training and School Psychology are instituting the following procedural changes:

1. Matriculation interviews will be conducted between September 1 and November 1 during the Fall semester and between February 1 and April 15 during the Spring Semester.
2. Candidates are urged to matriculate before taking any graduate courses. Students who take graduate courses before matriculation do so at their own risk with no guarantee that the credits will be accepted.
3. Students who have a matriculation interview will not be informed of their status until all interviews for the semester have been completed and the admissions committee has reviewed all applications.

For further information, please telephone or stop by the Graduate Office, Room 201 Administration Building, Telephone 731-3300, extension 291, 292.

Advising

Whether this is your first course at Boston State College, or whether you have taken courses before, we encourage you to meet with an academic advisor during the coming semester. Graduate students should talk with a member of the staff of the Graduate school. Undergraduates should make an appointment with a counselor in the Office of the Program of Continuing Education. Counselors will also be available at the time of registration at each Off-Campus location. In addition, counselors will visit the Off-Campus locations during each Summer session. Instructors at these locations will be notified of specific times and dates of these visits. If you are a student in the Off-Campus program and wish to talk with a counselor, please call the Off-Campus office: 731-4012.

Auditing

If you are interested in registering for a credit course but are not interested in receiving academic credit, you may audit the course. Students auditing a course are expected to attend class regularly, to take part in all aspects of class work, but are not required to write term papers, or take examinations. Register during the Walk-In registration period and pay auditing fees (18.00 per credit hour). Students may not change from credit to audit or vice versa after the third class meeting. Students changing from credit to audit are not eligible for a refund.

Bookstore

The College Bookstore is located on the Boston campus in the Tower Building on the second floor and is open Monday through Friday from 8:30–5:00 p.m. The Bookstore will also open evenings during the first weeks of each Summer session for the convenience of Continuing Education students. Students at Off-Campus locations should contact their instructors for information about purchasing and receiving books. (The bookstore cannot accept personal checks for payment of books.)

Cancellation of Courses — Low Enrollments

The Division of State Colleges through the Program of Continuing Education reserves the right to cancel any course which does not have sufficient paid enrollments to be self-supporting. In an attempt to maximize course offerings, cancellations are done at the last possible moment. Notices of cancellation are mailed to the student at the time the course is cancelled. A listing of cancelled courses will also be available in the Office of Continuing Education, the day before the class is scheduled to meet.

NOTE: All courses that do not have fifteen (15) tuition-paying students by the end of the second scheduled course meeting will be cancelled.

Cancellation of Courses — Weather, Emergencies

Cancellation of classes held at the Boston campus are announced on the following Radio stations: WHDH, WBZ, WEEI and WRKO. Off-campus courses are cancelled when the site location is closed. Students in Off-campus programs should listen for radio announcements concerning closing of the site locations or call the site location directly.

2. Basic Educational Opportunity Grant (BEOG). *(Not available in Summer sessions)*
3. Supplemental Educational Opportunity Grant (SEOG).
4. College work-study (CWS).
5. Higher Education Loan Program (HELP).

These Massachusetts State Scholarship programs are available only to those students who are found eligible to apply

under the following guidelines:
The student must:

1. be matriculated (accepted in a Degree Program by the college).
2. be a citizen or permanent resident of the United States.
3. enrolled in at least 6 credit hours per semester.
4. in good academic standing.

If you are a student at the Boston campus or at one of our Off-Campus locations, you may be eligible for financial assistance. For further information, please call 731-3300, ext. 249 or 250.

Grade Reports

Grade reports are issued to the student approximately two weeks after the end of each semester. The grade report is an unofficial statement of a student's academic progress for one semester. Grade reports cannot be used as transcripts.

Grades – Incomplete (Graduates)

Graduate students may be granted a grade of incomplete by the instructor for good and sufficient reason. Grades of Incomplete should be resolved as soon as possible. The program director and graduate committee of the various Master's and C.A.G.S. programs are free to develop their own policies regarding grades of incomplete and will consider each student's case individually.

Grades – Incomplete (Undergraduates)

INC (incomplete) may be given when all the requirements of the course have not been completed; however, the student must, in the judgment of the instructor, have already successfully completed a substantial part of the requirements. In order to receive a grade in a course with a INC (incomplete), the student shall make arrangements directly with the instructor. It is the student's responsibility to contact the instructor.

ALL INCOMPLETES MUST BE MADE UP BY THE EIGHTH WEEK OF THE SEMESTER IMMEDIATELY FOLLOWING THE SEMESTER IN IN WHICH THE INCOMPLETE WAS RECEIVED. If this requirement is not fulfilled, the designation of incomplete becomes a final grade of 0.0. A grade can never be removed from the transcript.

Office Hours: Faculty

The faculty of the Program of Continuing Education come from the Boston State faculty, from neighboring colleges and universities and from the business and professional community. Each faculty member will determine his or her own office hours and will inform students of the time and place. The Continuing Education Office will not give out faculty telephone numbers under any circumstances.

Student Classification

Students may register for courses in the Program of Continuing Education under two basic categories:

UNCLASSIFIED (Nondegree Candidates): Students may register for courses as unclassified students if they have not applied for admission to an undergraduate or graduate degree program. Registration in course work is equivalent to admission to the Program of Continuing Education as an Unclassified student.

MATRICULATED (Accepted Degree Candidate): Students who have applied and been formally admitted to an undergraduate or graduate degree program register as matriculated students. Graduate students interested in applying for matriculation should follow procedures listed in the Graduate catalog; undergraduate students should schedule an appointment with a counselor in the Office of Continuing Education before applying for matriculation. Although it is not always required, many prospective degree candidates who have been away from formal accredited study for a lengthy period of time have found it beneficial to complete 15 credits of course work prior to applying for acceptance into a degree program. Undergraduate students may matriculate and pursue a degree through the Program of Continuing Education in most of the academic programs offered at the College. However, certain programs requiring specialized course and field work or clinical supervision are available only through the Day Division. It is suggested that undergraduates interested in applying for matriculation talk with a counselor to discuss academic degree requirements, transfer credit, credit by examination opportunities and the selection of a beneficial program of study.

Student I.D.'s

I.D. Cards are required of all students and will be requested for the use of the library and other college facilities. Photos will be taken at the Boston Campus during Walk-In registration and during the first week of classes. The price is $1.50 and should be included with your tuition and fees at the time of registration. Students possessing a valid 1978–79 Boston State College I.D. need not purchase a new I.D. at this time.

Transcripts may be requested in person in the Accounting Office, Room 108 Administration Building, or through the mail, and must be prepaid. Transcripts may be obtained upon request at the rate of $1.00 each. No telephone requests will be honored. Transferring Summer School Credit

If you are presently enrolled in a degree program at another college or university and you wish to transfer credit into that program for courses taken at Boston State this summer obtain approval of your "home" institution before registering for courses here. Written authorization from your "home" institution to attend courses at Boston State Summer Session is not required by our office.

Transfer Students — Undergraduate

Transfer credit is awarded only for grades of 2.0 or better obtained in courses taken at accredited institutions and pertinent to programs offered at Boston State College. Undergraduate students transferring to Boston State through the Program of Continuing Education should submit official transcripts from each institution attended. Foreign transfer students must submit foreign college transcripts to the International Research Foundation, P.O. Box 24679, Los Angeles, California,

90024 for evaluation. After a student requests a transcript evaluation, records of transcripts evaluated at Boston State and in California will be available to students in the Office of the Program of Continuing Education.

Undergraduate Degree Requirements

Once a student has applied and been accepted as a matriculated student in a degree program, the degree requirements of that program must be met. Degree candidates must complete a major and a minor concentration. A major concentration requires completion of 30–36 semester hours as specified by the department; the minor concentration consists of 18–21 semester hours as specified by the department. In addition, the General Education requirements specified in the undergraduate catalog must be satisfied. Transfer students must complete at least thirty semester hours at Boston State College to be awarded a degree. Department chairpersons must be consulted to determine the applicability of advanced transfer courses.

Undergraduate Admission to Graduate Courses

Undergraduate admission to 9000-level graduate courses requires written permission. Students may contact the Program of Continuing Education for assistance.

All withdrawals and changes in student status must be reported to the Veteran's Office immediately by the veteran.

Withdrawal from a Course During the Semester

Students withdrawing from a course up to the mid-term of the semester will receive no indication of attendance in that course on their academic record. Students who withdraw from a course after the mid-term of the semester will have one of the following (qualifications) posted by the faculty to their academic record with respect to that course:

UNDERGRADUATES:
W - indicates withdrawal with no specification.

GRADUATES:
WP - Withdrawn Passing: indicates student was performing satisfactorily at the time of withdrawal.
WF - Withdrawn Failing: indicates student was performing unsatisfactorily at the time of withdrawal.

NOTE: None of the above qualifications are computed in the student's Grade Point Average.

A student wishing to withdraw from a course must complete the appropriate forms available in the Office of Continuing Education. Failure to attend classes or merely giving notice to an instructor is not considered an official withdrawal. Students wishing to withdraw from courses given at Off-Campus location should call the Off-Campus Program at 731-4012.

REGISTRATION, INFORMATION & DIRECTIONS

Veterans

Any resident of Massachusetts whose service time is credited to the Commonwealth of Massachusetts and served in any branch of the armed services for at least 90 days, who has a discharge other than dishonorable, may enroll in courses offered through the Program of Continuing Education without tuition charge within established limitation of 4 years. All fees mentioned elsewhere in the catalogue must be paid at the time of registration.

To establish eligibility, a veteran must present at the time of Registration his or her discharge (a copy) of their DD214, and a letter from the Veterans Administration stating that their benefits are exhausted. Prior to the start of classes, if a discharge cannot be found, a letter from the Adjutant General's Office will suffice.

All veterans that are still eligible to receive reimbursement or subsistance from the Veterans Administration must contact the Veterans Affairs Office, Room 200K, Phone 731-3300, Extension 255.

Any new students entering the college for the first time must complete an application for matriculation with the Admissions Office, Room 202A.

Refunds of tuition on the basis of veterans status will not be made at a later date.

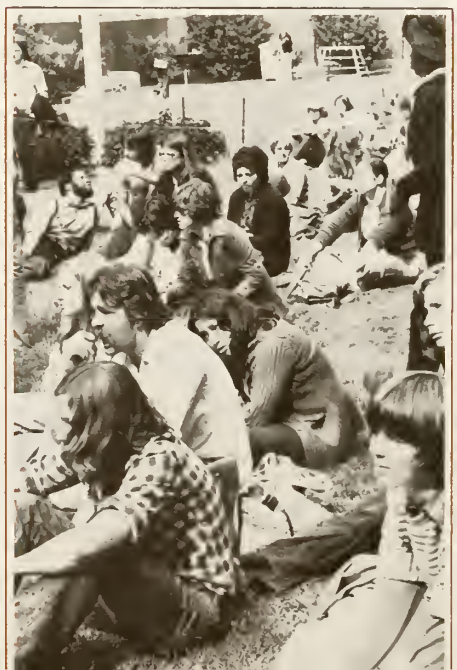
All withdrawals and changes in student status must be reported to the Veteran's Office immediately by the Veteran.



Refund Policy

All requests for refund of tuition must be completed on CHANGE OF REGISTRATION FORM (including courses cancelled by the College). FEES WILL NOT BE REFUNDED except when a course is cancelled by the College.

NO refunds shall be permitted for teacher vouchers presented after registration.

NO refund is permitted if the student changes the status of the course from credit to audit.

Refunds of tuition are made to eligible students as follows:

Withdrawal before second scheduled meeting 100%
Withdrawal before fourth scheduled meeting 60%
Withdrawal before sixth scheduled meeting 20%

NO refunds are made after the sixth meeting of the course.

If a student initially paid with Master Charge or VISA (Bank Americard) the refund must be returned as a credit to the student's Master Charge or VISA (Bank Americard) account based upon the above schedule. A student may withdraw from a course without academic penalty up to the mid-term of the course. In such a case, no grade will be given. Students may withdraw in person in the Office of Continuing Education, Room 110A of the Administration Building by letter or by phone. See page 6 for withdrawal policy.

State refund processing procedures usually require a period of at least 40 days from the time the refund is submitted.
